## SECTION I

### INTRODUCTION

A Resolution of Formation to form the City of Lincoln Community Facilities District No. 2004-1 (Storm Water Retention Basin Maintenance) (the “CFD”) was approved on September 14, 2004, by the City Council (the “City Council”) of the City of Lincoln (the “City”). The CFD was created to provide a financing mechanism to fund the pro-rata portion of the annual cost to operate and maintain the Regional Storm Water Retention Basin (RSWRB) which services parcels within the CFD.

The special tax can only be used for the operation, maintenance and servicing of authorized Services. See Appendix “A” for a more detailed description of the services provided.

This report provides a detailed description of the process used to calculate the Fiscal Year 2024-25 special tax levy for the CFD. The special taxes are calculated according to the “Rate and Method of Apportionment of Special Tax” (RMA) (see Appendix “B”) as adopted by the City Council in the Resolution forming the CFD. In addition, this report includes the Fiscal Year 2023-24 AB 2109 State Controller’s Parcel Tax Report (see Appendix “E”), and a Fiscal Year 2023-24 revenue and expenditure report that complies with the requirements of the special tax accountability act (see Appendix “F”).

**ASSIGNMENT OF MAXIMUM ANNUAL SPECIAL TAX**

The maximum annual special tax rates increase each fiscal year by the change from the previous year in the June Consumer Price Index (CPI), San Francisco-Oakland-San Jose index published by the US Department of State, Bureau of Labor Statistics. The CPI increase over the Fiscal Year 2023-24 maximum special tax rates is 3.24%. The following table shows the Fiscal Year 2024-25 maximum special tax rates for each development. It should be noted that for developments in which the total actual number of Dwelling Units or Commercial Acres is less than the Expected Dwelling Units or Expected Commercial Acres shown in the formation RMA, the Maximum Special Tax is adjusted accordingly for that development.

In addition, the Maximum Special Tax by Development may result in a higher Maximum Special Tax per Dwelling Unit or Commercial Acreage within a Development based on the actual buildout of the Development and the Parcel Category. For example, if Del Webb only creates 150 Dwelling Units rather than the expected 201 Dwelling Units, then the Maximum Special Tax for each Dwelling Unit within the Del Webb Development would increase in a proportionate amount (approximately 25%) to cover the Maximum Special Tax amount for the Del Webb Development.

**3. ASSIGNMENTS TO CATEGORIES; APPORTIONMENT OF LEVY**

**A. PARCEL CATEGORIES:** On or about July 1 of each year, but in any event in sufficient time to include the levy of the Maximum Special Tax on the County's secured tax roll, the CFD Administrator shall determine for each Parcel within the District whether it is Taxable Property. Each Parcel shall be further assigned a number of Dwelling Units and/or a number of Commercial Acres based on the Parcel Category or a recorded Final Subdivision Map, if applicable. Parcels subject to levy shall be determined based upon the latest equalized roll of the County Assessor for such Fiscal Year.

**B. APPORTIONMENT OF DISTRICT LIABILITY.** The CFD Administrator shall then determine the District Liability for the Fiscal Year commencing such July 1, and levy the Maximum Special Tax as prescribed such that until the amount of the Maximum Special Tax levied on Taxable Property equals the District Liability.
